

Help STAT find vehicles as donations for kids with disabilities and critical illnesses

Using the STAT Vehicle Donation Program is easy and you can make a difference in a child's life!

Our program accepts donations of :

- ✓ Cars
- ✓ Trucks
- ✓ Boats
- ✓ Airplanes
- ✓ Motorcycles
- ✓ RVs
- ✓ Real Estate / Lots

The gift will help our charity raise revenue for needed programs. We are approved through www.donateonline.com to accept these donations. **If you don't have a vehicle to donate, please do your part to help us find individuals who want to donate cars that are unwanted or cars that go unused/unsold by a dealership.**

Proceeds go directly to Southern Tier Alternative Therapies, Inc. (STAT), a local 501c3 non-profit serving children with disabilities and critical illnesses throughout the Southern Tier of New York State (Broome, Tioga, Chemung, Tompkins, Delaware, Chenango, and Otsego Counties). For more information about how STAT makes a difference in your community visit us on the web: www.statinc.org or call Cat Markosky, STAT, Inc. CEO, at 607-972-7865.

What Happens When a Vehicle is Donated?

In all cases, a charity vehicle donation is sold to the highest bidder at a well-established charity vehicle auction with minimal delay, where the chance of fraud eliminated.

Donating a vehicle will save individuals the hassle of trying to sell their car(s) and will give a local charity needed revenue and will provide a write off for the donor (*based on blue book price*).

Donating a Car is Easy:

1. Call us 607-223-4176 or go to our website and go to the "HOW TO HELP" tab
2. Go to www.donationline.com and search for "Southern Tier Alternative Therapies", select and follow prompts.

It's THAT SIMPLE!
